David Christopherson -

18/04/93

Commenting on physician attitudes, one of our members said today - "I can't do it anymore. They win. I die. Somebody should give them a ribbon!"

We are afraid for this person and for others, and outraged that the provincial coroner has known for years about our people killing themselves after being abused by physicians, but has done nothing to discourage doctors from continuing to abuse members of this disabled group.

Chris Brown
